

Mature Oilfield Evaluation and Production Enhancement

Help you get oil from valuable mature oil fields

Original Oil in Place (U.S.): 649 Billion Barrels

How to exploit mature oil fields

- Knowledge of
 - Reserve evaluation:
 - Petroleum geology
 - Basin analysis
 - Reservoir simulation
 - Petroleum Geophysics
 - Petroleum Geochemistry

VALUE OF 377 Billion Barrels EOR OIL TARGET IS HUGE!

Oil Price, \$/bbl	\$\$ Market Value
25	9.4 trillion USD
50	18.8 trillion USD
75	28.2 trillion USD
100	37.7 trillion USD

- Production Technologies
 - Stimulation
 - Enhanced recovery

Our Experience

- Resource evaluation of oil basins world wide
- Cooperation with famous oil companies
- EOR practice in US, China and Middle East
 - Maximizing Long-Term Hydrocarbon Recovery
 - Chemical Enhanced Oil Recovery
 - Microbial Enhanced Oil Recovery
